

SWC Safety Moment – September 2018

© Randy Glasbergen for RapidBI.com

“This is a major project of utmost importance, but it has no budget, no guidelines, no support staff, and it’s due in 15 minutes. At last, here’s your chance to really impress everyone!”

Welcome back to the new Scouting Year

Points of Focus

A. COMPLIANCY

Due Diligence, liability, accountability, privacy act, etc. are major key words for any organization. In case of any incident, this will be some of the first things to be checked.

Is your unit ready and in compliancy? Are all Scouters and Volunteers screened and ready to go? Are the PRC and VSS up-to-date or expiring soon?

Do all the Scouters know their roles and expectation? Is everybody familiar with the meeting location and knows the rules, policies and emergency procedures?

B. EMERGENCIES

Disasters like floods, hurricane, tornados, blackouts, ice storms, fires, earthquakee, etc., can hit any location at any given time and can be catastrophic to life and property.

Are you prepared? Did check lately your communities emergency plan? Are you visiting frequently the fire departments page for the latest emergency information? Do you have enough food, water, etc. for yourself and your family.

Better prepare when you have time.

Group Capacity Report

Details								
Total Group and Sections Scouters	# of Group Scouters	Number of Group Scouters Also With Section Role	Number of Group Scouters with No Section Role	#Groups	Number Of Groups With 3 Or More Group Scouters That Have No Section Role	% Of Groups With 3 Or More Group Scouters That Have No Section Role	Bank Information Filled	Group Registrations Enabled
1229	381	194	187	90	32	36%	83	90
1229	381	194	187	90	32	36%	83	90
1229	381	194	187	90	32	36%	83	90

Section Capacity Report
