We have encourage our GC's to hold bring a friend campaign during January and February. We will be following up to see which groups are hosting BAF meetings and when.

Safety

Area Service team is out performing service visits to ensure that we have the right people in the correct roles, scouters are screened and following the two-deep leadership rule.

We have had no significate safety issues to date. There has been a lot of discussions around tobogganing and helmets. We have continued with Allan's rule that all members must wear helmets.

Area DAC's and Key 3 are working to get all scouters compliant before the 90-day mark. Continue to lose many due to training challenges. We are looking to hold mini one day training courses.

Capacity

SPA GSS and Area Team are working together to add one more to all Group Committees that are sitting at 2/3 scouters. We are currently sitting at over 50% of groups with more than 3 on group committee.

Currently running risk analysis' pertaining to mergers of various groups.

PQA's

We are pushing all GC's to have these entered by Feb 15th. We currently have 20 out of 67 entered.

Volunteer Support

We are still in a learning phase with the new online tool. But we are getting out and having all the groups visited. Still pushing the one on one visits. DAC are hosting calls this month and we had a successful SPAM/GC/GYC meeting last week.

Notes

Still missing some Charters and Financials.

Found new GCs for Everett. Will be looking to start the merger with 1st and 2nd Holly next month
