

South Lake Simcoe Area Report – November 24 2018

Compiled by Nicole Donadio, CRM

Membership: SLS currently has 570 registered youth members, compared to 640 from last year's total. Some work needs to be done to break even and create a positive growth environment into the next scouting year. Staff-driven bring-a-friend projects are scheduled for January with 1st Sutton West and Newmarket Scouting Group.

PQA: not entered; new PQA rubric launching in January, 2019.

Safety: no major incidents; continued work to ensure all on-the-floor scouters have all their screening elements in place (i.e. PRCs).

Group Capacity: Will be looked at more fully once further communications regarding a group administrator has been received. Otherwise, 59% of groups in SLS have 3 or more scouters not working in a section role.

Volunteer Engagement: New AC recently appointed, Vic Melcalfe. More to come on new volunteer engagement efforts in SLS.
